

PROTEST CURB ON CAR TRACKS

Mayor Expresses Surprise As
Plan Was Agreed to
By Citizens

Despite the fact that the board of city commissioners explained to property owners on North Washington avenue of the plan of the street railway to place a curb near the tracks and not have only at street intersection, scattered surprise and protest has arisen from some of the property owners in the district, according to Mayor Francis.

Mayor Francis said today that before the paving plans were decided upon, the property owners of the district were called into conference with the board and there was an agreement reached whereby the street car company would be permitted to place the curbing instead of paving between the tracks.

Mayor Francis said that the board felt gratified even to reach the agreement with the street car company officials to place the curbing, in view of the fact that the company is said to be bonded to the limit and unable to procure funds with which to carry on extensive improvement work.

The contemplated work was passed upon by representatives of the property owners at a special meeting called by the board before any agreement was reached, Mayor Francis said, and he has been surprised to hear that all property owners were not thoroughly acquainted with the facts before the work was agreed upon.

CAROLS TO BE SUNG AT PARK CHRISTMAS EVE

Community singing of Christmas carols is planned in city hall park Christmas eve at 7:30 o'clock, the plans having been formulated this morning at a conference between Mayor Francis and Lester Hinchcliff, who will supervise the program.

It is planned to make the Christmas eve gathering the largest ever held here, and it is probable that special lights will be arranged in the park for the event.

Mr. Hinchcliff is arranging to get in communication with choirs and glee clubs in Weber county and give them the program so that practice may be held before the big event.

This new way to beautiful teeth

Your druggist today has a new way
of teeth cleaning. And a ten-day tube
is free.

Millions of people now employ it.
Leading dentists everywhere advise it.
You would never go without it if you
knew.

Go ask for that free tube. There are
few things more important than well-
protected teeth.

Remove the film-coat

You brush teeth now, but you leave
much of the film. A viscous film clings
to the teeth, enters crevices and stays.
The ordinary tooth paste does not end
it. So teeth too often discolor and decay.

Dentists now know that the reason
lies in film. That causes most tooth
troubles. And, until one ends it, brush-
ing fails to save the teeth.

It is the film-coat that discolors, not
the teeth. Film is the basis of tartar.
It holds food substance which ferments
and forms acid. It holds the acid in
contact with the teeth to cause decay.

Millions of germs breed in it. They,
with tartar, are the chief cause of pyor-
rhea. And pyorrhea wrecks countless
lives today.

An alarming situation

Tooth troubles have been constantly
increasing. Very few people escape
them. So dental science has in late
years studied to combat that film.

Now we know how. The methods
have been proved by careful clinical
tests, made under able authorities.
Now millions of people employ them,
largely by dental advice. A new era in
teeth cleaning is fast spreading the
world over.

These new methods are combined in
a dentifrice called Pepsodent. A 10-
Day Tube is given to everyone who
asks. Now all who will may quickly
know that film can be combated.

What you will see

A test of Pepsodent brings quick and
unique effects. One sees and feels
them clearly. And a book which comes

with the 10-Day Tube tells the reasons
for them.

One ingredient is pepsin. Another
multiplies the starch digestant in the
saliva to digest starch deposits that
cling. Each application also multiplies
the alkalinity of the saliva—to neutral-
ize the acids which cause tooth decay.

Two factors directly attack the film.
One keeps the teeth so highly polished
that film cannot easily adhere.

Day by day we fight the film and all
its ill effects. You see the results in
whiter teeth. You feel them in cleaner
teeth. But the great results are such
protection as teeth never had before.

You owe yourself a knowledge of
these facts. Old ways of brushing
have proved sadly inadequate. Nearly
everybody at some time suffers troubles
caused by film.

Now science knows how to combat
film, and in ten days you can know.
Never again will you trust the old
ways when you know the new.

Teeth will glisten when
the film-coat goes

Get this free tube and watch it. Note
how clean the teeth feel after using. Mark
the absence of the slimy film. See how teeth
whiten as the film-coat disappears.

You will instantly know that Pepsodent
does what nothing else has done. In a
few days you will realize what clean teeth mean.

"THE RIGHT TO LOVE" At ALHAMBRA GREAT SUCCESS

With "The Right to Love," his second independent production,
George Fitzmaurice has definitely established his reputation as a
motion picture producer who can combine lavishly artistic back-
grounds with dramatic action. This picture, which opened a four
days' run at the Alhambra theater last evening, was received with
unusual favor.

Mr. Fitzmaurice has taken a drama of mismatched husbands
and wives, with scenes laid in Turkey, and made a picture that holds
the interest throughout. Lovely Mae Murray is the ill-treated wife
of Lord Falkland, the British representative at Constantinople. The
climax is reached when he installs his mistress in their home and
at the same time imports a Prince Stanislaus, whose mission is to
compromise Lady Falkland. Colonel Loring, well played by David
Powell, is the American who foils Lord Falkland, though not until
he has killed the nobleman in a row. But the story ends happily.

Miss Murray is an excellent emotional actress. David Powell
is suave and easily at home in his role. The other members of the
cast have been likewise adroitly chosen. They include Alma Tell,
Holmes E. Herbert, and Macey Harlan. Ouida Bergere wrote the
photoplay from a French original. It is a Paramount release.

John W. Brown Funeral Tomorrow at Larkins'

Funeral services for John W. Brown
who was killed by an electrical shock
Saturday evening at his home will be
held at 2 o'clock tomorrow afternoon
at the funeral chapel of Larkins and
Sons.

The body may be viewed at the Lar-
kins chapel this afternoon and evening
and tomorrow until the time of the
services.

Bishop L. W. Sherner of the Lynne
ward will officiate at the service.
In Sunday's account of the accident
it was inadvertently announced that
the body was at the Kirkendall estab-
lishment.

Sues for Balance on Sale of Farm

Seeking to recover \$1231.66 from
Marcelino Urrechaga of Weber county,
Julian Alsaga has filed suit in the dis-
trict court. On November 28, 1917,
the plaintiff complains that he sold his
one-half interest in a farming business
carried on in Salt Lake county to the
defendant for \$2500 and only \$1014
has been paid. On October 17, 1919 he
further claims that he loaned the de-
fendant \$15.66 which has not been paid.

Alsaga asks the court for judgment
and court costs.

Fair and Colder Is Weather Prediction

Fair weather is forecasted for to-
night and tomorrow in the bulletin
which reached Ogden this morning
from the United States weather
bureau. Colder temperatures are pre-
dicted for tomorrow.

Yesterday's maximum temperature
was 43 degrees with a minimum last
night of 29 degrees.

Livestock Show Men Will Confer Tonight

Plans for the staging of the second
annual livestock show to be held in
Ogden January 6, 7 and 8, will be
completed at a meeting of the live-
stock committee to be held at the We-
ber club at 7:30 o'clock this evening,
according to Secretary R. W. Taylor.

The program for the three days, to-
gether with other business matters,
will be outlined at the meeting this
evening. President Charles H. Barton
will preside.

Entertaining features for the visi-
tors will be taken up.
Premium lists will be ready for
mailing during the latter part of the
week.

Twelfth Street Man Has Strawberries, Too

"I thought that if County Attorney
Bates' strawberries could get into the
newspapers, mine could get in also,"
J. S. Paquet, 615 Twelfth street said
as he slapped a paper sack down on
the managing editor's desk.

Out of the sack rolled several berries
of the size that growers put on top
of their cups in the springtime to hide
the shriveled berries beneath.

"I didn't do anything to the vines,"
he said. "I looked the other day and
there were these berries. The vines
are so heavy the frost could not get
at them. It looks like they will bear
until snow covers them."

Burch Creek School Plans Entertainment

To raise a fund for the purchase of
school and playgrounds equipment the
Burch Creek school will give an enter-
tainment, social and dance in the
Fourteenth ward hall tomorrow eve-
ning at 8 o'clock. The school invites
all its friends to be present.

How To Make A Laxative Cough Syrup

With Granulated Sugar and Men-
tho-Laxene. First Dose Relieves

Make a syrup with a pint of granulated
sugar and a half pint of boiling water, cool
and pour in to a bottle or jar. Then add the
contents of a 25c. bottle of Mentho-Laxene,
shake well, and take a teaspoonful 4 to 8
times a day for heat or chest colds, coughs,
bronchitis, whooping cough or croup of head
and throat.

Actually, the very first dose will show you
the wonderful virtue of Mentho-Laxene. It
is penetrating, soothing and curative to
a greater extent than anything ever dis-
covered. Children like it and adults use it
from Maine to California. Physicians pre-
scribe it. Hospitals use it, and why should not
you enjoy the benefits of a cheap, home-made
remedy free from narcotic, sickening drugs,
4,000 barrels were used last year. Why? Be-
cause it's best and cheapest. Ask your druggist
for Mentho-Laxene and insist on getting it,
for it is guaranteed to please every

Products Co., Dayton, Ohio. —Adv.

Why Be Skinny?

It's Easy to Be Plump, Popular
and Attractive

It's easy to be plump, popular and at-
tractive. Instead of being thin, angular
and scrawny. Almost invariably the trou-
ble is due to weak nerves and consequent
failure to assimilate your food. You
may eat heartily, but owing to the lack
of nervous energy and impoverished blood
you don't get the benefit from the food
you eat. All of this can be remedied very
quickly by taking with each meal a five-
grain tablet of Blood-Iron Phosphate. This
quickly strengthens the nervous system,
enriches the blood and increases its oxy-
gen-carrying power, and in a remarkably
short time the average thin, weak, nerv-
ous man or woman begins not only to
put on flesh, but also begins to look and
feel better. Sleep, appetite, strength and
endurance are improved, dull eyes become
bright, and, unless afflicted with some
organic complaint, there is no reason why,
if you take Blood-Iron Phosphate regu-
larly, you should not soon look and feel much
better and many years younger. Deposit
\$1.50 today with A. R. McIntyre Drug Co.,
or any other druggist for enough Blood-
Iron Phosphate for a three weeks treat-
ment. Use as directed and if at the end
of three weeks you aren't delighted, \$2
back and get your money. Your druggist,
if a man you know, is authorized to give
it to you.—Advertisement.
